

The Jennings County School Corporation has made the decision to close the rest of the district starting Monday, Nov. 16, 2020 until Monday, November 30, 2020. The current return to in-person instruction date is Monday, November 30, 2020.

Elementary Expectations During Virtual Learning

❖ Daily Student Expectations:

- Students will be expected to participate in virtual learning and complete all assignments from home during this time.
- It is critical that you stay caught up on your schoolwork. Please reach out to your teachers if you have any questions or need assistance with virtual lessons/assignments.
- Students and teachers will be following their classroom daily schedule. Teachers will be planning Google Meets for your classes. Please pay close attention to your email and Google Classroom for these types of announcements. Elementary students will have live Google Meets for instruction that they must attend one to three hours daily on Monday, Tuesday, Thursday, and Friday. The Google Meets will be scheduled between the hours of 9:00am to 3:00pm. Preplanned classroom digital learning will be assigned on Wednesdays (there will be no live Google Meets scheduled on Wednesday). Students have lessons and classwork assigned that must be completed on Wednesdays, and they will be able to contact their teacher for assistance as needed.

❖ Communication:

- Please continually check your school email and Google and/or SeeSaw Classroom. These are the main ways your teachers will be communicating with you. Attendance for virtual learning is determined by student engagement through communication with the teacher, assignment completion, and attending daily meets and/or check-ins (see more info. below)

❖ **Grading**

- All students are expected to complete their assignments fully in a timely manner in order to receive credit for their work.
- Grades for virtual learning will be recorded based upon the work quality and mastery of standards. If a student is not completing work that shows mastery of the grade-level standards, failing grades and/or retention in the current grade level would be considered appropriate in the same manner as the in-person traditional setting.

❖ **Technology Problem Hotline**

- If necessary, school Wi-Fi can be accessed from any JCSC school's parking lot. If this is an option you choose to take advantage of, please remain in your vehicle.
- If any other technology issues arise, please contact the JCSC Tech Hotline at (812)352-1921.
- If you are still in need of a hotspot, please contact your school.

❖ **JCHS Meal Distribution**

- Food Distribution will take place at your elementary school. Parents should watch their email or check the JCSC Facebook page for distribution time and procedures. At this time, the first food distribution will take place on Friday, Nov. 20, 2020 from 10:00-1:00 p.m. at your school. Students must be enrolled at JCSC to receive food. JCSC Food Service Department (812) 346-4483.

❖ **Extra-Curricular Activities/Athletics**

- All elementary and JCMS athletics and other extra-curricular activities will be cancelled during this time.

❖ **Student Attendance Expectations:**

- Attendance for virtual learning is determined by:
 - Student engagement through communication with teacher
 - Assignment completion
 - Attending daily meets and/or check-ins
- Parents/Guardians/Students should communicate (Dojo, phone call to office, email), if you have internet issues or are not in attendance at a Google Meet for some reason.
